

ESWARBABU K

Technology Apprentice | Cybersecurity & Software Development

eswarkaruturi1920@gmail.com | +91 6281393602 | Eluru, Andhra Pradesh | [linkedin.com/in/eswar-karuturi-545613290](https://www.linkedin.com/in/eswar-karuturi-545613290) | github.com/Eswarbabuk

PROFESSIONAL SUMMARY

Motivated technology apprentice and Cybersecurity student with strong problem-solving skills, a solid foundation in programming, algorithms, and data structures, and hands-on experience in software development and IT operations. Proficient in Python, Java, SQL, Linux, and front-end development, with exposure to backend technologies and cloud platforms including Google Cloud. Demonstrated ability to collaborate in team environments, deliver live projects from inception to delivery, and apply analytical thinking to solve complex technical problems. Eager to contribute to innovation-driven technology initiatives and grow within a global enterprise environment.

EDUCATION

Bachelor of Engineering – Cybersecurity J.N.N Institutions, Chennai, Tamil Nadu CGPA: 8.21 / 10.00 Coursework: Network Security, Ethical Hacking, Cryptography, Digital Forensics, Risk Management, Algorithms, Data Structures	2027
Higher Secondary Certificate (Class XII) – MPC Sri Chaitanya Jr College, Eluru, Andhra Pradesh Percentage: 82%	2023
Secondary School Certificate (Class X) Sri Chaitanya School, Eluru, Andhra Pradesh Percentage: 100%	2021

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, SQL, HTML, CSS
- **Concepts:** Object-Oriented Programming (OOPS), Data Structures
- **Cloud & Platforms:** Google Cloud, AWS
- **Security Tools:** Wireshark, Nmap, Burp Suite, Cisco Packet Tracer
- **Other:** Google My Business (GMB), Local SEO, Google Business Profile, Prompt Engineering
- **Soft Skills:** Problem-Solving, Analytical Thinking, Team Collaboration, Communication

WORK EXPERIENCE

Atnest Private Limited – GMB Specialist <i>Internship Hyderabad, Telangana</i>	
• Managed and optimized 10+ Google My Business (GMB) and Google Business Profile listings, improving local SEO rankings and increasing client search visibility by 30% • Conducted GMB listing audits and review monitoring for 5+ client accounts, applying SEO best practices that strengthened digital presence and improved engagement metrics	

PROJECTS

PG Visualization System <i>Technologies: Python, Data Visualization, Statistical Analysis, Algorithms, Graph Rendering</i>	May 2026
• Designed and delivered a Python-based end-to-end visualization system applying algorithms and data structures to graphically represent PG accommodation data across 5+ analytical parameters • Built automated data processing pipelines to clean, transform, and visualize raw records including occupancy rates, pricing trends, and location-based statistics, reducing manual analysis time	
Keylogger – Endpoint Security Research Tool <i>Technologies: Python, OOP, Cross-Platform Development, Unix/Linux, Endpoint Monitoring</i>	Sep 2024
• Developed an OOP-based keylogger in Python with cross-platform compatibility across Unix/Linux, Windows, and macOS, demonstrating applied knowledge of system-level programming and endpoint security • Applied findings as a proof-of-concept to study endpoint vulnerabilities and ethical security research methodologies aligned with penetration testing standards	

CERTIFICATIONS

- Google Cybersecurity Professional Certificate – Google / Coursera | Jun 2026 | Python, Linux, SQL, SIEM, IDS, Threat Detection & Mitigation
- Fundamentals of Cybersecurity – Cisco Networking Academy
- MongoDB and AI Fundamentals – ICT Academy
